PARTICIPANTS NEEDED!

The NC4 Lab is looking for **older adult** volunteers to participate in a virtual reality (VR) navigation study!

This study will help us:

- Understand how navigation behaviours change with aging and increasing task complexity
- Develop a tool for measuring cognitive decline during dementia

Eligibility Criteria:

- **Age:** 60 and older
- **Vision**: intact or corrected to normal
- **NO diagnosis** of:
  - epilepsy
  - cognitive impairment
  - vestibular disorders
- **NOT** prone to motion sickness
