There are ways to lower the chance of going missing, by recognizing the risk and by being proactive by planning ahead.

### Topics will include:

- Learning about the risk
- Exploring the benefits of staying active in the community
- Reducing the risk: Locating Devices, Vulnerable Persons Registry, Identification Strategies (ie: *MedicAlert*)
- Having a plan: The *Finding Your Way* ID Kit

**Who Should Attend:** Care partners, friends, and family members of those living with dementia

This session is offered **FREE** of charge, but spaces are limited. Registration is required for this program.
