

## What's It Like For EDIE?

### A Virtual Reality Workshop for Care Partners

The Educational Dementia Immersive Experience (EDIE) is a free 3-hour workshop designed for care partners and family members of people living with dementia. This immersive experience enables participants to see the world through the eyes of a person living with dementia using high-quality virtual reality technology.

The workshop enhances your knowledge of dementia while exploring helpful strategies to support the person to live well and more confidently with dementia.
