“Shared Experiences
at the New D.A.Y.”

A New Day Centre for Alzheimer's in York Region

A New D.A.Y. Testimonials

Relocation

“My husband Steve attended the Alzheimer’s Day Program in Newmarket, and last July made a very smooth transition to the Aurora location where he now goes 6 days a week. He is a very sociable person and seems to quite enjoy his days at the D.A.Y. Program. It is a monumental help to me to know that he is well cared for and appropriately

occupied in the various programs that are offered. I can’t begin to give enough praise to the wonderful staff who work there with such endless patience, understanding, and good humour day after day! Because of this service, I will be able to keep my beloved husband in our home for a much longer time than would otherwise be possible. I am so very grateful for the Alzheimer’s D.A.Y. Program!”

- Jody Hub, caregiver

“I think the larger space in the new D.A.Y. program in Aurora is just a fantastic place for my mom. It is so bright, comfortable and spacious. The program workers are so attentive and caring; you couldn’t ask for better people to work there. My mom attends the D.A.Y. program five days a week for the past 2.5 years (1.5 years in Newmarket) and she just enjoys herself when she comes. I am so happy to have this place for my mom.”

- Catherine Preston, caregiver

Philanthropy

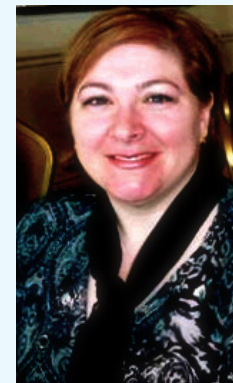

“I view the Alzheimer Society of York Region as my extended family.”

- Dr. Allan Carswell

Alzheimer Society of York Region is grateful to the Carswell Family Foundation for their thoughtful leadership gift of \$600,000 and the match that is inspiring others to give.

Accreditation

“We are so excited to seek accreditation through Accreditation Canada. Accreditation is an internationally recognized evaluation process used to assess and improve the quality, efficiency and effectiveness of health care and community service organizations. Once we are accepted, we will be a publically recognized community service health care organization that has met national quality standards.”

- Franca Contardo, Program Manager, AS York, Infection, Prevention and Control Program (IPAC) Manager
